Invitation for letter of interest

Currently **National Institute of Health (NIH)** Islamabad is the sole producer of vaccine and antisera in the public sector. There is dire need to enhance country's capacity to meet the increasing demand. In this regard a letter of interest from different international / national vaccine manufacturing companies is being sought to initiate the negotiations to work-out the comprehensive & pragmatic plan/road map prior to floating Expression of Interest (EOI). The aim is to facilitate private parties in this regard.

Interested companies/parties are requested to submit their letter in the name of **Executive Director, NIH** for the said purpose/negotiations within six weeks of this advertisement. All the participating companies will be intimated about the time and date of meeting accordingly. For further information please contact **Chief, Biological Production Division (BPD) or Senior Engineer (BPD)** on the following email and telephone number:
