National Emergency Operation Centre
Helpline 1166 Summary

NIH Preparedness and Response:
Contact tracing of confirmed cases being carried out by the RRTs.
Risk communication carried out among healthcare workers and affected communities during contact tracing.
NIH laboratory is providing support to provinces and regions for testing.

Risk Assessment: Current impact of the disease in Pakistan is: High

Provinces Preparedness and Response
Balochistan
• RRT finalized distribution plan of N95 masks for all districts of Balochistan.
Sindh
• Sindh receives 500,000 KN95 masks from China
Punjab
• CM Punjab advice indoor stay and follow the guidelines issued by the Govt.
KP
• Provincial monitors are continuously visiting the districts to support the district government and DHOs to improve the preparedness
AJK
• SOPs on COVID-19 prepared by Dept of AJK have been printed and distributed to all health managers for compliance
GB
• Fumigation of ambulances and isolation rooms are being carried out as per requirement.

Risk Communication Message:
• Clean hands regularly with an alcohol-based hand rub, or wash thoroughly with soap.
• Clean surfaces regularly with recommended disinfectants (70% Ethyl Alcohol or 0.5% bleach solution).
• Avoid touching eyes, nose and mouth with contaminated hands.
• Practice respiratory hygiene by coughing or sneezing into a bent elbow or tissue and then immediately dispose off.
• Wear a medical/surgical mask if you have respiratory symptoms and perform hand hygiene after disposing off the mask.
• Maintain a minimum of mandatory two meter distance from individuals with respiratory symptoms.
• Healthcare workers are required to select and use appropriate PPE.

Administrative controls
• Ensure the availability of IPC resources such as PPE, appropriate infrastructure, clear IPC policies, access to lab testing, triage and patient placement, adequate staff and training of the staff.

Environmental and engineering controls
• Stay in ventilated rooms
• Clean the surfaces with recommended disinfectants.

Social Behavior Change:
• Practice social distancing, particularly from individuals showing respiratory symptoms.
• Avoid mass gatherings like weddings, cinemas, crowded shopping malls and restaurants.
• Avoid gathering of more than 10-20 persons.

All relevant guidelines, SOPs and dashboard information are available at NIH website: https://www.nih.org.pk
